Vendor: Microsoft

Exam Code: 70-323

Exam Name: Administering Office 365

Version: DEMO

QUESTION 1
You are the administrator for a company named Contoso, Ltd. Contoso has a subscription to
Office 365 for midsize business and enterprises and has 200 Microsoft Lync Online users.
Contoso works with a partner company named Fabrikam, Inc. All users at Fabrikam use Windows
live.
You need to implement desktop sharing between all of the Contoso user and all of the Fabrikam
users, except for the users in the Contoso finance department. The Contoso users must be
prevented from using Lync Online to communicate with any other external users. What should you
do?
To answer, move the appropriate actions from the list of actions to the answer area and arrange
them in the correct order.
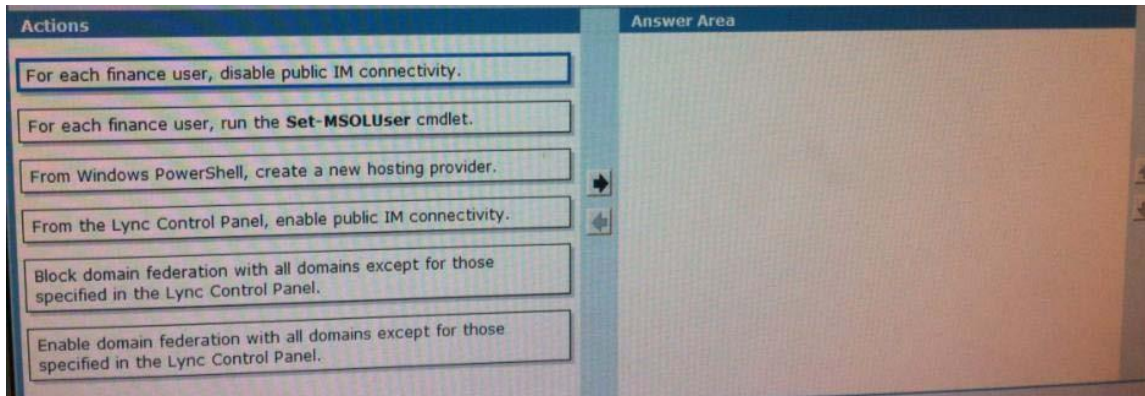

Answer:
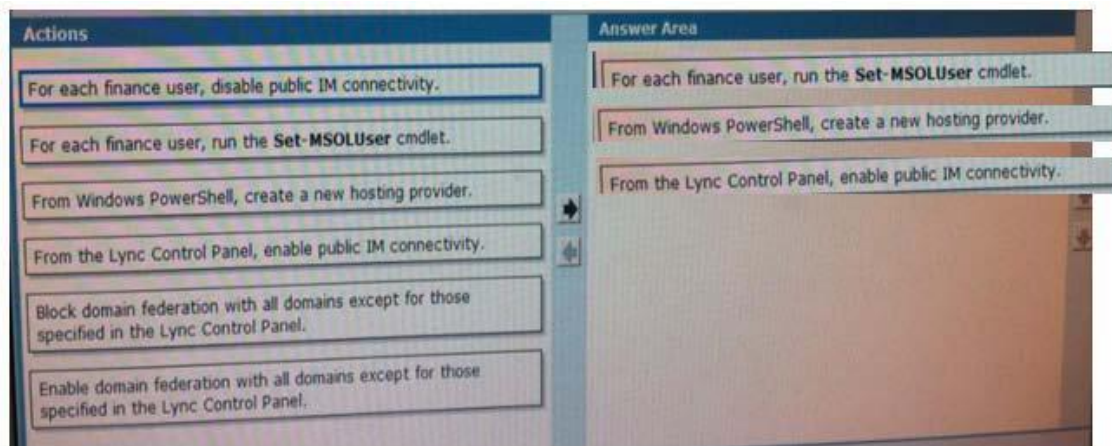

QUESTION 2
Your company has a main office and a branch office. Both offices are directly connected to the
Internet. The branch office connection to the Internet has limited bandwidth. The company deploys
Microsoft Lync Online. You need to ensure that users in the branch office can only use instant
messaging (IM) while using Lync Online. The users must be prevented from connecting to audio
or video conferences. What should you do?

A. On the firewall at the branch office, block all of the outbound traffic on port 5061.
B. From the Office 365 portal, modify the user properties of each user in the branch office.
C. From the Office 365 portal, configure the license settings of each user in the branch office.

D. Deploy only the Lync 2010 Attendee client to all of the users in the branch office.

Answer: C

QUESTION 3
Your company has 100 user mailboxes. The company purchases a subscription to Office 365 for professionals and small businesses. You need to enable the Litigation Hold feature for each mailbox. What should you do first?

A. Purchase a subscription to Office 365 for midsize business and enterprises.
B. Enable audit logging for all of the mailboxes.
C. Modify the default retention policy.
D. Create a service request.

Answer: A

QUESTION 4
Your company has an Office 365 subscription. You need to add the label "External" to the subject line of each email message received by your organization from an external sender. What should you do?

A. From the Exchange Control Panel, add a MailTip.
B. From the Forefront Online Protection Administration Center, set the footer for outbound email.
C. Run the Enable-InboxRule cmdlet.
D. From the Exchange Control Panel, run the New Rule wizard.

Answer: C

QUESTION 5
Your company has an Office 365 subscription. The company updates the email security policy to include the following requirements:

- All email messages older than two years must be deleted automatically unless a user chooses to retain the message for a longer period.
- All email messages sent to and from a distribution group named Legal must be stored in a single mailbox for five years.
- All email messages sent to the Internet from the company must contain a disclaimer.

You need to configure Office 365 to meet the security policy requirements.
Which features should you configure?
To answer, drag the appropriate feature to the correct requirement m the answer area.
